

Keyed Cable Lock

- ~ Reversible key for quick use
- ~ Strong boron alloy
- ~ Soft rubber finish to protect the gun from scratches

DO NOT USE ON A LOADED GUN

Instructions for Use

Semi-Automatic & AR-15 Bolt Action

1. Insert cable through ejection port and out the magazine well.
2. Attach the loose end to the lock.

Pump Action Shotgun

1. Insert cable through ejection port and out the loading port.
2. Attach the loose end to the lock.
3. Ensure lever is unable to be moved when the cable lock is engaged.

Revolver

1. Roll out cylinder.
2. Insert cable through cylinder opening.
3. Attach the loose end to the lock.

NOTE:

- ENSURE CABLE HAS BEEN INSERTED TO INDICATOR LINE
- ALWAYS PULL ON SECURED CABLE TO TEST CONNECTION
